Re: Public Records Request to Review Documents

Dear Regional Freedom of Information Officer:

Pursuant to the California Public Records Act (Government Code § 6250 *et seq.*) and/or any other public document policy, we hereby request any and all Notices of Intent to File Suit Pursuant to the Clean Water Act from February 2015 to present.

As a "local agency" (Government Code § 6252 (a)), the responding party is required to make available for inspection any public records in its possession (Government Code § 6253 (a)). The records requested are not subject to exemption under any provision of Government Code § 6254. Persons requesting public records are entitled to receive an exact copy of the documents requested and the responding party is required to determine within ten days after receipt of any request whether it will comply and must immediately notify the requesting party of the determination and the reason (Government Code § 6256).

Please feel free to contact the undersigned at our Southern California office when the documents have been located so that we can arrange to inspect and/or have copies made of the documents. Thank you for your prompt attention to this matter. Any questions or comments may be directed to the undersigned.

Very truly yours,

Aaron Farkas
